Sir:-

Referring to your letter of the 30th ulto., enclosing copies of two letters sent to Mr. C. George from this office I beg to say that on the 18th ulto., it was discovered a clerical error had been made in this office and the whole matter was at once referred to the Department at Ottawa. Be good enough to advise me if Mr. Charles George filed a defence to the cancellation proceedings instituted against his homestead the South West quarter of section 24-42-11-4th-4, and if so, the date when same was forwarded to this office, together with, if possible a copy of said Defence.

It would appear that Mr. George did file a defence and it was inadvertently attached to the file in connection with the South West quarter of section 10-37-13- -4th-4, in error.

As the records in connection with Mr. Georges homestead did not disclose the fact that he had filed a defence, his entry was therefore cancelled by default at the expiration of the usual 60 days. namely the 3rd December by Mr. Walter Domoneske.

The whole matter is being fully investigated and if the Defence was sent in by Mr. George, and is found satisfactory, I have have no doubt

As Mr. Patterson's entry is dated the 2nd December, 1909, it will be necessary that the entry be perfected within six months from that date; otherwise, it will be liable to cancellation.

IN THE MATTER OF THE N. E. ¼ of Sec. 2, Tp. 27, R. 9, W. 4th. M.

I, Willie Allen Morton, formerly of Veteran and at present of Coronation, in the province of Alberta, widow, do solemnly declare, as follows:-

Re: Account of A.H. Morton
N.E. 2-37-9-W4

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:

In 1915 seed grain amounting to $399.55 was advanced to A.H. Morton on the security of the above mentioned land. A payment of $40.00 was received in 1918 and applied to the interest. The present standing of this account is:

Principal	Interest	Total
$ 399.55	$ 718.16	$ 1,117.71

Patent was issued in the name of A.H. Morton for the N.E. 2-37-9-W4 on the 11th of January 1920 subject to the 1915 lien.

In reply to our questionaire of the 19th of May 1952, J.H. Tedrick, Supervisor, Special Areas, Department of Municipal Affairs, Province of Alberta, wrote as follows:

"Title to this land is presently vested in this department having been acquired through proceedings under the Tax Recovery Act. This land is occupied at present under long term grazing lease and in view of its location in that part of the Province designated Special Areas there is little likelihood of same ever being disposed of by sale or utilized for any purpose other than grazing."

The information obtained indicates that the land is unsuitable for farming purposes and no longer offers any security of value for our advances. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

Re G. P. Porter,
N.W. 14-10-13 W.4th Mer.,
N.½ 35-10-13 W.4th Mer.

Dear Sir:-

Encl.

In reply to your request in your letter of the 24th ultimo, I am attaching hereto a statement of the seed grain, fodder and relief indebtedness of George P. Porter.

Security.

N.W.¼ 14-10-13 W.4th.

This quarter section was patented on the 16th November, 1907, to James D. Bradley. It was purchased by George P. Porter, and the seed grain lien was given directly against this land. The application for seed stated 140 acres were ready for crop. There is no information as to the value of the quarter.

N.E.¼ 35-10-13 W.4th.

This is the homestead of George P. Porter, patented in his name on the 11th September, 1916, subject to the liens. Mr. Porter left for California about 1923, and later the land was reported to have grown up in weeds. The soil is sandy with subsoil, all fit for cultivation.

N.W.¼ 35-10-13 W.4th.

This quarter section was patented on the 20th December, 1911, to John Robert Porter. In 1924 George P. Porter was reported by our inspector to be the owner of the land, but there is no direct evidence of his ownership. An abstract of title secured earlier in that year showed the title in the name of Hugh Casley of Grassy Lake, Alberta.

J. Lorne Turner,
Registrar of Lands.

I beg to return the letter of the 11th ultimo, from Mr. Clayre, N.W.T., stating that he should have applied for the fractional 8 acres of the N.W.¼ of Section 25, Township 31, Range 21, West of Meridian (not the N.W.¼ of Section 30), which Robert A. Harry desires to have added to his homestead, the S.W.¼ of Section 30, adjoining, as Mr. Harry has built his house by mistake, partly upon the portion of Section 25 applied for, and partly upon his homestead.

Mr. Harry made homestead entry for the fractional S.W.¼ of Section 30, Township 31, Range 21, West of Meridian, containing 149 acres, on the 28th August, 1905, and by mistake has built his house near the line between his homestead and the fractional N.W.¼ of Section 25, adjoining, or on the line between the two quarter-sections, and now requests that the fractional N.W.¼ of Section 25, containing 8 acres be added to his homestead, the whole then comprising 157 acres.

The sketch attached shows the position of Mr. Harry's house and the 8 acres applied for, which are not railway lands and are clear of the reserve and in case of the latter, trading and Indian Department, except for the fact that this section was at one time included in the Duck Lake Timber Reserve, but is not now within that reserve, by the act of last

Dear Sir:

We are instructed by Mr. Joseph Edward McGowan of Pakowki, a retired dealer formerly a settler of the 10th Battery, to write you respecting the South West quarter of section 34, Township 10, Range 1, West of the 4th Meridian. Mr. McGowan tells us that he entered into an agreement with the Canadian Pacific Railway Company for the purchase of the above quarter section, and that he has paid the purchase money in full, namely, $400.00. For some reason or other the patent has not been issued to him, although he has been in possession of the land for many years. The matter was brought to Mr. McGowan's notice recently by the Railway Company, and he has been endeavouring to find out what is the reason that it has been withheld, if there is any reason why it should be withheld from him. We would be glad if you would be good enough to look into the matter and advise us as to whether it is possible to have the land issued to him.

MEMORANDUM.

Dominion Lands Branch.

Re S.W.¼ 16--26--5--W.5th Mer.

Messrs. Savary, Fenerty and Chadwick in their letter of July 3rd, hereunder, ask whether S.W.¼ 16--26--5--W.5th Mer. cannot be thrown open for homestead entry and made available for Mr. Joseph McPherson, of Calgary, a returned soldier.

The letter states that the land was reserved for power purposes at the request of the Alberta Portland Cement Company in July 1910. The reservation at present in effect was made at the request of this branch in August 1913, and covers all the available Dominion lands required for water power purposes on the undeveloped portion of the Bow river.

A comprehensive water power survey of the power reach of the Bow river was begun in 1911 by this branch, as a result of these investigations it was found that the maximum advantageous use of the power resources could be secured by the development of four as yet undeveloped sites. One of these sites known as the Radnor site, is just below the above referred to land and its development will, as the attached sketch illustrates, cause the flooding of a considerable portion of S.W.¼ 16. It is desired therefore that the water power reservation be continued.

Your ref. #1.

I beg to acknowledge the receipt of your letter of the 3rd instant, on behalf of Mr. Joseph Edward McPherson of Cochrane, who wishes to obtain the above described land as a homestead, and in reply to inform you that a report has been received from the Water Power Branch of this Department, stating that the S.E.¼ of 16 is required in connection with the proposed water power development which has been provided for at the Radnor site, the development of which would cause the flooding of a considerable proportion of the above quarter-section.

In view of this the land is not open for homestead entry.

According to a report received from your Branch these lands are required for water power purposes. A note, however, was made that these requirements were for flooding purposes in connection with a water power site on the Bow River. It is also stated that the flooding would be very slight in some cases but in others a survey would be necessary to define the flooding level.

I would therefore ask if you would have any objection to the disposition of these lands subject to flooding rights or if you would prefer that disposition of the same be held pending a traverse.

These lands were included in the list of vacant lands furnished by the Agent, Calgary, and it is possible that the water power notation is not noted in his records. I would therefore ask if you would kindly inform me as to whether the Agent has ever been advised in this regard.

When this list of lands was also checked in Patents Branch records by a member of this staff the water power reservation was not noted, but possibly this was an oversight and I would suggest it might be wise to insure this reservation is noted in Land Patents records.

I would refer you to file-backs on file hereunder from which it would appear that the S.½ 16, South of River, would appear to be doubly covered.

The S.W. 16, is now entirely covered by a water power reservation and there would not appear to be any reason why file #1321225 should not cover the full S.W.¼ 16 as indicated by the file-back at present.

With reference to #727568 I would also suggest that this file cover the full S.E.¼ after a patent has been issued for that part North of River, and any action in the future will be limited to that part lying South of River. I would, therefore, ask if you would not consider it advisable that the S.½ of Section 16, South of River, be deleted from file 2871468.

These files are required for action in connection with the Bow River water power reservation and I would ask if you would kindly have them returned to me as early as possible.

The Secretary,
Dept. of the Interior -

There is a rumor about that at one time or other these parts of sections 16 and 17 were reserved by the Government for stock-watering purposes, but we cannot find from the Dominion Lands Office here that such was ever actually the fact.

Will you please give us the following information? -

Land valuable for water purposes
J.C. Lawson
6/3/13

(1) Whether any of those parts of section 16 and 17, Township 26, range 5 West of the 5th Meridian, except the C. P. R. right of way, have ever been patented? And to whom? And at what date?

(2) If any part of sections 16 and 17 south of the Bow are still unpatented: whether Countess Bubna can purchase the land?

It would seem that except for an owner of neighboring land, such as she, the parts of section 16 south of the Bow River would not be of much use to anybody.

Dear Sir:-

Our client, the Countess Irene Mary Bubna, has bought from Messrs. MacPherson and Davidson what is generally known as the "Merino Ranch" being situate in township 26, range 5, west of the 5th Meridian. There are two pieces of land, namely, those parts of sections 17 and 16 south of the Bow River which fit in very well with part of the land owned by her.

We have searched the title of these two pieces of land at the Land Titles Office here and find that except for the right of way of the C. P. Railway now contained in their certificate of title B. A. 131, no patents appear to have issued for that part of section 17 and that part of section 16 running south of the Bow River. By the Township map, the land south of the Bow of section 17 contains 98.8 and 103.6 acres; and that part of section 16 south of the Bow contains 34.3, 8.7 and 9 acres.

With reference to the lands released, the N.E. 10-26-5-W.5.M. is in a ranche and is also reserved for Hospital purposes. It appears that some years ago, the N.½ 10-26-5-W.5.M. was reserved for purposes of erecting a tuberculosis sanitarium. This land was then under an open lease, which was granted in 1902, and as the last discussion in regard to this reservation occurred in 1917, you may possibly consider it advisable that the question be re-submitted.

The S.E. and S.W. 14-26-5-W.5.M., both South of River, 68.5 and 25 acres respectively, are no longer required. These parcels have been inspected under the instructions relating to Area "B", and as the Inspector reports these parcels are only suitable for grazing, and the same are clear in the different Branches of the Department, I would suggest the Agent be instructed to post the same for leasing only, and also that he may accept an application to purchase from the holder of adjoining land, provided there then be no reason to the contrary.

The file for the S.E.18-26-5-W.5. is not herewith, as enquiries in regard to this land have been submitted to both Mining Lands and Land Patents Branches, and replies have not as yet been received. The question as to the disposition of this land will be submitted later.

With reference to the S.W. 34-26-6-W.5.M., the Water Power reservation was apparently released some time ago, and the question of the disposition of this land submitted and disposed of when dealing with the land in Area "B".

The part of Lot 2, south of trail, Morleyville Settlement, is also no longer required, and appears to be vacant. As a Homestead Inspector's report has not been furnished under instructions relating to Area "B", I presume, before action be taken to dispose of the same, a report should be obtained.

Kindly see Township plans on file No. 4756686 hereunder.

When dealing with lands in Area "B" a Water Power reservation in Tp.26-5-W.5.M. was noted, and as information on file appeared to indicate that only the land subject to flooding up to certain levels, was required, Mr. Challies was written to in this regard. Under date of the 21st ultimo, a memorandum was received from that Branch, stating that the lands required were as indicated above, and that this list would supercede that of Departmental letter of the 13th of August 1913. This would appear to release the lands so noted above.

It will be noted that no reference was made in this memorandum as to whether the requirement is only to a certain flooding level. Mr. Beale was telephoned in this regard and stated that the information they had was not sufficiently definite as yet to allow disposition subject to flooding rights only, and asked that the reservation be made to read for the full parcels referred to in his memorandum of the 21st ultimo.

The lands asked for appear to be clear in the different Branches of the Department, with the exception of L.S.4, Sec.24-26-6-W.5.M., which the Agent has been instructed to post for leasing. I understand that under the Water Power Act the Water Power Branch has the right to reserve such lands. I presume, therefore, that the Agent may be instructed to reserve these lands in his records, cancelling the reservation for leasing in respect to L.S.4, Sec. 24 - 26 - 6 - W. 5. M.

File No. 469071 T.C & I.

Department of the Interior,
Ottawa, October 13th, 1906.

Mr. Rothwell,

It was decided some time ago to reserve that portion of Section 2, Township 14, Range 1, West of the 5th Meridian, lying South and West of Willow Creek in connection with a dipping vat, which was situated on the South East quarter of this Section. It appears that prior to the tract being reserved, Mr. D. R. Fitger squatted on the North West quarter of this Section and notified the Agent of Dominion Lands at Calgary that he proposed making homestead entry therefor as soon as the land had been surveyed. Homestead Inspector Bryant made an examination of this quarter and reported that Mr. Fitger had made improvements thereon to the value of $300.00 and that in his opinio the granting of homestead entry for the North West quarter would not in any way interfere with the dipp of stock. The matter was referred to the Inspecto Ranches for a report who states that he has discuss the matter with Homestead Inspector Bryant and is o the opinion that that portion of this quarter-secti included in the reserve might be withdrawn without affecting the efficiency of the dipping vat. I th fore recommend that the Agent of Dominion Lands at gary be advised that there are no objections to ger being granted homestead entry for this quar section in so far as the reserve and the dippin question is concerned.

Approved for the acceptance of Mr Fitger's homestead entry

Sir,

Referring to your File No. 44759, regarding the desire of Mr. T. B. Pitzer to obtain homestead entry for the North West quarter of Section 2, Township 14, Range 1, West of the 5th meridian, I am directed to say that there are no objections to Mr. Pitzer's [illegible] homestead entry of this quarter-section in so far as that portion of the quarter-section lying South and West of Willow Creek being reserved in connection with Dispute 147 is concerned. You should, however, make certain that there are no other objections to entry being allowed.

Dear Sir:_

Replying to your favor of Oct. 31st, notifying me that I could make entry on part of the N W ¼ of Section 2, Township 14, Range I, West of the 5th Meridian. Iheg to say that I wish to enter the whole of said quarter section as part of it would not be of any use to me as Willows Creek about divides that ¼. There was some objections to my locating or filing on the said land on account of a dipping vat that was located and built after I had quarter of this land and I was advised from the department not to interfere with the free use of that portion of the section lying south or east for dipping purposes. I complied with that order. I have now about $300.00 worth of improvements on this land and have been informed that all objections have bee withdrawnin regard to my entry on account of the said vat. I enclose a plot of the Sec. 2, with subdivision and creek running through same as near as I can, and which is correct enough for all purposes connected with this matter.

I would beg to say that I am prepared to make entr at anytime that I can for the whole ¼ sec.

QUERY

With reference to your letter of the 22nd October last to the Agent of Dominion Lands at Calgary retracting the application of Mr D. P. Edgar for homestead entry for the N.W. 1/4 of 2-14-1 W. 5 and to draw your attention to the letter of the 11th December last in which he asks whether the entry to be granted in this case is to include the whole quarter section. It would seem from the terms of your letter that entry was to be granted for the whole quarter section but I note that Mr R. H. Edgar's application for the whole of the quarter section should be considered.

Adverting to your letter of the 11th December last, File No. 44759, in which you enquire whether homestead entry may be granted to Mr. Fitger for the whole of the whole of the N.W.¼ of Section 8, Township 14, Range 1, West Fifth Meridian, I am directed to point out to you that you were informed by the Departmental letter of the 23rd October last that there was no objection to that portion of the quarter section affected by the dipping vat being included in the entry; and it was, in consequence, assumed that you would have inferred that entry might be granted for the whole quarter section, provided there was no other objection.

I am further to state that if you know of no other reason than the existence of the dipping vat why the whole quarter section should not be included in the entry, you may take action in accordance with Mr. Fitger's wishes.

COMMISSIONER

Sir;-

As instructed in yours of the 30th July last, Reference 756991 - 1321533 Mr. D.R.Fitger, was notified on the 22nd ult that, his entry for the N.W. 2-14-1 West 5th had been cancelled.

Mr.Fitger feels that he has been unjustly dealt with in the matter and has called at this office asking for an explanation as to why his entry for the land had been cancelled.

After searching the file I am unable to give him any reasonable explanation of the action from the records here and would ask that as you may have fuller information in the matter that you write Mr.Fitger at Willows, Alta. explaining why his entry had been cancelled.

According to the records here it would not appear that Mr.McIntosh had ever made application to homestead the land and the only request from him that effects it, is his application dated noted the 2nd Feby.1903 to purchase for Irrigation purposes that portion of Section 2-14-1 W.5th, North and East of Creek, see your Ref.756991, 24th Aug.1903.

In this connection I would refer you to yours of the 3rd May 1906 Ref. 469071 T & M.

Homestead Inspector Bryant's report dated 3rd Aug.1906 Your letters dated 22nd Oct. 1906 and 26th Feby .1907.

Sir:-

Referring to your letter of the 19th ult., file 44759, in which you ask the reason why Mr. Fraser's entry for the North West ¼, Section 2, Township 14, Range 1, West Fifth Meridian was cancelled. In reply I beg to point out that you apparently overlooked your office letter of the 11th June, 1906, No. 44691 on 44759, addressed to A. E. McIntosh at Barton, Alta., notifying him that no other application than his would be considered until his application to purchase had been settled.

On the 21st April, 1904, the Department advised Mr. Frank Oliver, M.P., that Mr. McIntosh's application to have the portion of the Section in question lying North and East of the creek included in his application to purchase, would be given first consideration, but that there was no traverse of the creek.

It is evident from the foregoing that the entry granted Mr. Fitzgar was allowed in error and that Mr. McIntosh's claim will have to be considered. No disposal has however been made yet of the land.

About the 20th of April 1905 I had a notice from Jas Leishman that I must not interfere in any way with the fencing of it for the purpose of clipping cattle in a clipping pen that was located some time after I had located said pen being built on the south east corner of the south east ¼ of Sec 2. I complied with the notice and the Inspector of Ranches from Calgary said that the objections were no longer needed. I was later informed that I might file on a portion of said ¼. I went to Calgary saw Mr Leishman & Commissioner there also after consultation advised me to take Him back as I had stated I was and He would forward same to Ottawa. I am an old man and do not ~~xxx~~ feel able to undertake the improvement of another home; do not intend farming, but am running a small herd of cattle & horses. If my reputation for honesty and integrity have anything to do in this matter I am only too glad to have that investigated.

I do not see how I can abandon the home, without great inconvenience. I was informed at Land Office recently that there is no Homestead Inspector at Calgary, so there would not be any report on this matter. I have also been under the impression that it was not in accordance with the rulings of the Department to cut off parcels of different quarter-sections and allow title to same.

My improvements consist of Log house 14 x 24 with lumber addition 14 x 24. Log stable 18 x 58 Shed for shelter 10 x 42. Have about 2 miles of 3 strand wire fencing and about 8 acres of land in cultivation.

Hoping this explanation will be sufficient for your Department to re-instate me, and allow me to prove up and earn title to same, which I humbly pray.

Very respectfully,

L. R. Filgen.

COMMISSIONER

To The Secretary,
Department of Interior,
Ottawa,

Sir,-

In your letter of the 30th of November, you state that perhaps I meant the SW¼ of 2-14-1 West of the 5th Meridian. I beg to say that I am located on the North West quarter of said section, and am anxious to find out why I was permitted to file on same after I had informed your Department that if I could not have all of the said quarter I did not want any. Would beg to say that I was advised by the late W.W.Stwart in 1905 to go ahead with my improvements, as the objections re dipping vat located on the South East quarter would not be very long. I have never had anyone , so far, object to my being here. Now, I understand by report of the Commissioner of Irrigation at Calgary that his report is adverse to D. S. McIntosh acquiring title to a portion of this quarter, namely North West.

I beg to say that there were no improvements on the quarter when I squatted here. I have at least $500.00 worth of improvements on this place. Have had possession since September 8th,1905. Have paid School and Improvement Taxes to the amount of $8.00 or $10.00, for the past two years.

Sir:-

I beg to acknowledge receipt of your letter of the 27th ult., in regard to whether Mr. D. R. Fitger was located on the North West or the South West quarter of Section 2, Township 14, Range 1, West of the 5th Meridian. In reply I beg to inform you that, when I made this inspection, I was directed to visit the South West quarter of the said section, my letter of instructions referring to this land as the homestead of Mr. Fitger. I drove directly to his residence and made my inspection, but did not investigate at the time on which quarter he was situated, taking it for granted that my letter of instructions was correct. On going carefully through your file No. 44,759., I find that Mr. Fitger's homestead was, previous to the 22nd of May, 1908, always referred to as the North West quarter of Section 2, Township 14, Range 1, West of the 5th Meridian, and was reported on as such by Mr. Homestead Inspector Bryant on the 17th of April, 1906. Since the 22nd of May, 1908, the land has been referred to as the South West quarter of the said section. There is positively no doubt that Mr. Fitger is located on the North West quarter of the Section in question, and I enclose herewith a sketch of Section 2, Township 14 Range 1, West of the 5th Meridian, showing buildings, plowing etc. When I made this inspection, Mr. Fitger was not at home, or doubtless this matter would have been mentioned.

Kindly let me have the papers covering his irrigation scheme. The N. W. ¼ of 2 does not form part of his grazing lease.

MEMORANDUM:-

MR. DIXON.

N. W. ¼ of 2 - 14 - 1 - W. 5th:
Can'd hd. of D.K.Fitzer, 18/4/07.

The Commissioner ordered the cancellation of this entry in July, 1907, on the ground of priority of application by D. S. McIntosh to purchase under the Irrigation System all that portion of Section 2 lying south and east of Willow Creek.

On referring to the sketch underneath you will see that Mr. Fitzer's buildings and improvements are on that part of the quarter-section lying south and west of the Creek, but he apparently is not content to accept an entry for part of the quarter-section only, and he applies for reinstatement, claiming that there were no improvements on the quarter-section when he squatted there.

The Inspector's report states that Mr. Fitzer's improvements are as follows:-

House - $200.00
Stable - 100.00
Root-house - $25.00
7 acres of breaking - $21.00
1¼ miles of fencing.

Residence:-

Nov. September, 1904, to 1st September, 1905.
15th May, 1907, to the present time.

The file of the T. G. & I. Branch shows that Mr. McIntosh has filed plans of his proposed irrigation works, and the Commissioner of Irrigation has recommended the sale, which will be authorized as soon as certain necessary changes have been made in the plans. This being the case there seems to be no way in which Mr. Fitzer could be allowed to secure entry for the whole of the quarter-section, but he might be advised -

Sir;-

During a recent inspection trip in the Willow Creek country I stayed with Mr D R Fitger, whom I understand was granted entry, as a homestead, for the N.W. ¼ of Sec. 2, Tp. 14. R. I, West of the 5th.M. but which was cancelled on the 22nd. of August 1907, owing to the prior claim of a neighborto purchase that part of said land lying East ofthe creek, under the irrigation act.

Mr Fitger is an aged man, and feels the loss of his homestead very keenly. as at his age he is not able to start again and build up a new home for himself. I went into the matter very car fully with the gentleman thinking th t perhaps something could be done i a r gular way in order that those interested might be satisfied.

After careful consid ration I would suggest, if in accord nce with the rulings of the department, that Mr Fitger be allowed to retain that portof the N. W ¼ of Sec.2, lying West of the creek, viz;- that part of L.S.D.13 containing 29.9 acres; and that part of L.S.D. 12. West of the cr ek containing 34.5 acres;, and that those parts of L.S.D.5 &4 of the S.W. ¼ Of the same Sec. containing 35 & 40.4 acres. respectively. be granted to him in lieu of that portion of the N.W. ¼ sold. This would not as far as I could learn interfere with any person rights or privilege.

The part of the S.W. ¼ referred to is in my opinion totally unfit for agriculture, but would be invaluable and almost absolutely necessary to to Mr Fitger, if he is to carry on his business of stock raising, about the only business possible in that vicinity.

Refrence to plan of Tp. 14, R.I, West of the 5 th. Mer. will assist in making my meaning clear, and fr m my conversation with Mr Fitger I believe he would be pleased and satisfied with this arrangement, if it is possible under the re ulations.

Believing that this matter should be given serious consideration.

Will you kindly look at my memo underneath dated 8th October, regarding the request of W. R. Fitger to be reinstated on his homestead entry.

The Homestead Inspector thinks that Fitger might be allowed to keep that part of the N. W. ¼ of 2 lying west of the creek, and the Inspector suggests that part of the S. W. ¼ of the same section be added to Mr. Fitger's holding.

The part of the N. W. ¼ east and north of the creek is included in the irrigation scheme of D. S. McIntosh.

Sir,

The Department is in receipt of your statutory declaration respecting your desire to make application for patent for your homestead, the n. 1/2 of the s. 1/2 of Section 2, Township 14, Range 1, West of the fifth Meridian, and in reply I am to say that while it would appear from the information contained therein that you may have completed the necessary residence you are short in regard to the cultivation required. Before you can successfully apply for patent according to the information submitted, it will be necessary to increase the area of your breaking to at least 15 acres and put in crop this summer the area now broken and next summer at least 15 acres.

Dear Sir I have just recd a letter from the Department of the Interior replying to my request to prove up on W. 1/2 of the W. 1/2 of Sec 2 Tp 14 Range 1 West 5th M. And it seems strange to me that I am required to cultivate a certain amount of this land so I supposed I would be allowed to prove up with stock as others have done who located on adjoining lands at same time I located here namely the South 1/2 of Sec 10 Tp 14 R 1 West 5th M. I believe this is some mistake in this matter and wish to know whether the letter dated 25th April File No 1321583 is final I have had stock here on this place for nearly six years. Hoping to hear from your Department at an early date I am

Replying to your memorandum of the 29th ultimo on file beneath, I may report that in some of the cases where other Departments reported at the time the information was being collected for the Natural Resources Commission that lands reserved for them were no longer required has this information been noted in the Township and Settlement registers. In the past it has been the practice to consult the reports on the file for land in Alberta reserved to the Dominion, No. 3706 C.L., for such information.

The notations are being proceeded with in accordance with your instructions.

...: Lands Controlled by the ...partment of Agriculture.

As you ...w, a number of lands used by the ...partment of Agriculture for ...gration Reserves, Piping ...ial purposes or other uses, were transferred to that Depart-ment by Orders in Council, on the understanding that the said lands would revert to the Department of the Interior when no longer required by the Department of Agriculture.

In one or two cases this Department has been advised by letter that the land is no longer required and we have taken action by Order in Council to transfer the parcel to the Province. Disposal of neither such parcel is now being considered and we have been advised that the Department of Agriculture does not need the land. Before proceeding I would like to be assured that it was not required at Ottawa in Council to transfer the land back to our control. It seems to me that as the lands are under the Minister of Agriculture, our Minister cannot deal with them until they are transferred to this Depart-ment by Order in Council. The officials of the Department of Agriculture have expressed their willingness to have such an Order prepared. If an Order in Council is required and it would appear to be, it is suggested to have the lands already transferred to the Provinces listed in the Order so that we would be protected on the question of our authority to deal with the lands we ever sell.

Will you please let me know whether or not it is an Order in Council to transfer these lands from the Dept of Agriculture to this Department.

Madam:

I beg to inform you that according to a report recently furnished by an officer of the Department, your husband, who secured homestead entry for the S.W.¼ of 19- 58- 15- W.4th, is now deceased, and you wish to complete the duties on this land, and obtain patent therefor. The regulations provide that in the case of a deceased homesteader, the legal representative can obtain patent for the land after the expiration of 3 years from the date of the entry, by completing the duties, as to the erection of a habitable house, and the necessary cultivation. In this case the amount of cultivation required is 30 acres of breaking of which 20 acres must be placed in crop, a reasonable proportion being done in each of three years. You will be required to furnish the Department with a probate of your late husband's will, if he left one, or in lieu thereof letters of administration of his estate. When this condition has been complied with and the settlement duties completed, the legal representative can make application for patent any timeafter the 26th of September, 1913.

MEMORANDUM:

Mr. Sidney L. Edwards asks whether the fractional S.W.¼ of Section 17, Township 51, Range 21, West of the 4th Meridian, might be added to his homestead, and states that he would be willing to purchase the excess over the 160 acres.

The land applied for, which is shown red on the sketch annexed hereto, is vacant in the records of the Department, and adjoins, as will be observed, Mr. Edwards' homestead, for which he obtained Patent on the 11th August, 1906.

As Mr. Edwards' homestead contains only 106.75 acres, and the fractional parcel applied for contains 62 acres, there would only be a very small excess area to be paid for.

Sir,-

One of our old boys Albert Edward Francis Halls, called upon me to-day on his return from the West, and informed me that he had made an entry for a homestead in the Battleford District. He took out his Receipt to show me and I observe that this Receipt, which I enclose herewith, has been altered by the local agent, some other name and address having been erased and the figures changed. It occurred to me that this is rather an unsatisfactory condition for a document of this description and in the event of any dispute arising might affect the validity of the entry. Halls showed me the Receipt for the Entry Fee so that I know it to be all right as far as he is concerned, but I advised his leaving the Interim Receipt with me so that I might refer it to you, and perhaps some fresh Receipt could be issued or he might have something in writing which would prevent the possibility of any complication in the future.

In the year 1908 this party obtained an advance from the Dominion Government and no repayment having been made, the account stands as follows:

Seed Grain Principal	$21.25
Interest	31.20
	$52.45

The Department of Mines and Resources at Ottawa reports that he gave as security for same a lien against the above described land, his entry for which was cancelled in 1.10. Patent for the land was issued in 1913 to Mrs. Mary Jamieson, clear of encumbrance.

Their inspector reported in 1920 that neighbours informed him Mr. Halls had died in 1911.

There is, therefore, no security for this account, which I would recommend be written off in it's entirety.

Yours very truly,

Messrs- I have a homestead in Alberta being S. E. 8-45-1 west 4th mer, which I filed on the 4th of November last 1907 (1908) I moved on it the 7th day of June 1908 and stayed there the rest of the summer I was put to have had my crop put in and fenced it and got 2 tons of hay. I went back to my claim in the spring of 1909 and broke some more and fenced it and got my crop in and went back to Minnesota after I had done my duties there. Now the reason why I hold this land is on account of the Canadian Northern Railway Co. If I can not sell it I will have to file on it. If you would let me have all of the money you claim is , I would be willing to pay it. Please send me word right away if you will do it. I would like to get my money for my stump lot I sold in Canada.

I will be out there in the month of April next year if the land is not sold.

It does not appear that file 40.0505 relating to the SW¼ 3-64-1-W. 5th M., was loaned to the Province as this file is still in this Department.

I might add, however, that the question as to whether the Province is to recognize a loan on behalf of the Soldier Settlement in this case is still before the Department.

It would seem advisable not to take any further action with a view to collecting these files for a period of about sixty days. You might then again take the matter up with the Province and report the result of your efforts.
